

LEADERS ARE CONFIDENT OF RATIFICATION

Hitchcock Promises Wilson No Changes Will Be Made

WASHINGTON, Sept. 3.—President Wilson left tonight on his speaking tour confident of ultimate ratification of the peace treaty by the senate without amendments or "destructive" reservations which would require re-negotiation.

A final survey of the senate situation was given the president today by Senator Hitchcock ranking Democrat of the foreign relations committee.

The president was informed that Republican leaders expect to report out the treaty probably not later than next Wednesday and was assured that every amendment involving any "killing" reservation would be defeated overwhelmingly. Specific reservations it was said were not discussed and the president approved the immediate plans of the treaty's friends to meet what Senator Hitchcock termed was "a clean cut issue."

Senator Hitchcock also made a lengthy speech in the senate in reply to recent attacks on the treaty by Republican Leader Lodge and Senator Knox. The latter's proposal for defeat of the treaty was characterized by Mr. Hitchcock as "a mixture of poltroonery and folly" and calculated to make the United States "a deserter."

Hearings on European territorial questions involving the Alland Islands and disputes between Hungary and Czech-Slovakia were continued today by the foreign relations committee. Tomorrow Jugo-Slav representatives will be heard and Friday the committee plans to close its hearings and consider the resolution of ratification.

The so-called "mild" and "strong" reservations among the Republican senators continued negotiations today toward a compromise agreement and Senator Lodge was said to have approved three of the former's proposals—those dealing with the Monroe Doctrine, domestic questions and withdrawal from the league but with agreement still to be reached on a reservation affecting Article Ten of the league covenant. Following conferences of Republican leaders today it was said that if possible the proposed reservations would be made public tomorrow.

In Complete Agreement. The president and Senator Hitchcock were said to be in complete agreement that the immediate fight should be pressed against the five amendments adopted by the foreign relations committee. The president, it was stated, endorsed the view expressed by Mr. Hitchcock in the senate that any amendment would have the effect of withdrawing this nation from the treaty and require separate negotiations with Germany.

"The president," said Mr. Hitchcock, "is gratified that the issue has been drawn on amendments. He believes the people realize the danger of adoption of any amendment or of a reservation which would have a killing effect on the treaty. The president was said to feel, can be left for future consideration after the outcome of the fight against amendment."

"The president said he was well satisfied with the way the fight so far has been handled," said Mr. Hitchcock, "and over the very distinct gains made by friends of the treaty and the league. I assured him absolutely that every amendment proposed would be beaten. I told the president that many Republicans who favor reservations 'also are for the treaty and the league and will not vote for reservations and amendments which would nullify or require re-negotiation.'"

President Wilson also discussed with Mr. Hitchcock his plans for his tour in behalf of the treaty. The president, it was said, will discuss the treaty and especially the league covenant in every address of the trip. Senator Hitchcock said the president would analyze the treaty in detail and emphasize that delay in its ratification was holding up return to the country of normal conditions and also was blocking reconstruction matters, including virtually all legislation such as bills to reduce the cost of living and solution of the railroad problem.

Personal attacks upon senators opposing the treaty are not planned. The president is expected to tell the president that the plans of the executive on his trip and reply to his speeches had been abandoned because Senator Hitchcock said he understood the important influences in the Republican party had killed the plan.

The Irish Question. The president is expected to discuss the opposition to the treaty of those advocating home rule for Ireland and other Eu-

Former U. S. Ambassador Assails League

BOSTON, Sept. 3.—Criticism of the league of nations covenant as lacking a definite pledge that the nations will uphold international law was made by Dr. David Jayne Hill, former ambassador to Germany, in an address before the American Bar association tonight.

"The fundamental issue of world order is not the possibility of forming a union of powers strong enough to impose its will upon other states," he said, "but the question whether the powers entering into such a combination are disposed to bind themselves to the acceptance and observance of definite legal principles, irrespective of their commercial interests and military strength. We must repudiate any form of international association that does not assume as its first postulate the authority of international law over all nations. It would be an error to suppose that imperialism is essentially dynamic. Its present phase is that of race domination and economic control. Imperialism is not so much a form of government as it is a lust for power."

The Greatest Danger. "The greatest danger to the peace of the world today is the menace of a state which is, if generally realized, would transform whole nations into industrial and commercial corporations claiming absolute sovereignty, pitted against one another in rivalry to possess the wealth of the world."

"The object of our participation in the war was the preservation of their rights of our fellow citizens secured to them under international law. We inquire then what have been the fortunes of international law in the settlements of peace."

"We discover that the covenant of the league of nations," which we are told to be the instrument for the maintenance of peace, contains no declaration that the sovereign states as such possess any rights whatever. We find in it no provision of law by which their conduct toward one another may be brought and their legal rights judicially determined, no method by which a weak state may legally enforce its rights against a great power, if that power is disposed to recognize its claims."

NEW YORK, Sept. 3.—Four thousand officers and men of the famous first division of the regular army, veterans of some of the bloodiest victories which ever crowned American arms, returned home today on the transports Amphion, Swanee and Mobile.

As far as individual decorations were concerned the palm was borne by the Eighteenth infantry, every man of which wore the fourragere of the Legion of Honor conferred by the French government just before the unit boarded the Mobile at Brest. But the Eighteenth had little to boast over their comrades, noticeably the second machine gun battalion, forty per cent of whom had been decorated. This battalion suffered 70 per cent casualties.

The transport Callao carrying 1,300 additional troops of the first division arrived tonight.

MINERS WILL RESUME DUTIES. PEORIA, Ill., Sept. 3.—Approximately 1,000 miners of Peoria and vicinity, one-third of the striking miners in this territory, will be back at work tomorrow morning in mines in the local field, Peter Grant, member of the policy committee for this district declared tonight.

Men will return to work at four or five mines tomorrow, Grant said. By Monday he declared all of the men now on the outlaw strike will be back at work and efforts will probably be made to regain charters they lost when President Farrington carried out his threat and revoked them because the men did not return to work last Saturday.

Each local union has re-organized on a temporary basis and late tonight at a meeting of all the miners in this vicinity it was decided to leave the matter of securing new charters up to the individual locals.

EGYPTIANS REJOICE. Alexandria, Sept. 3.—On receipt of a telegram asserting that the foreign relations committee of the United States senate had declared Egypt should be independent, great demonstrations by natives were held in front of the American consulate Saturday and Sunday.

The Egyptians paraded the streets. There were demonstrations also at Cairo.

FAVORS SHORT SERIES. Chicago, Sept. 3.—Charles A. Coniskey, owner of the Chicago Americans, tonight declared his opposition to the proposal of the National Baseball Commission that the world's series be increased from seven to nine games. He said that it had been the custom to play a series of seven games to decide the world's championship and that he could see no good reason for changing.

CARRANZA'S MEN MAKE ATTACK ON U. S. PLANE

Immediate Retaliatory Action by Officials Probable

LAREDO, Texas, Sept. 3.—Possibility of an immediate retaliatory action by United States military forces in connection with the attack yesterday on an American army airplane has been eliminated. It was indicated tonight by the admission of Mexican authorities today that the attack was made by Carranza soldiers.

While official information was lacking, the impression was gained in army circles that this admission has removed the situation from the hands of the military so far as emergency action is concerned and placed it directly up to Washington for proper diplomatic action.

Mexican Consul Garcia in announcing that Mexican soldiers on their own initiative had fired upon the airplane, said a complete report had been made to Mexico City with a request for instructions as to punishment for those guilty.

One point in difference tonight between Mexican and American reports was the location of the airplane when the attackers fired. Consul Garcia declared an investigation showed it was one kilometer inside the Mexican border while unofficial American reports insist the plane was in United States territory at the time.

The Mexicans fired at the aviators, Consul Garcia said, merely to cause them to fly higher as their airplane was frightening their cavalry horses grazing nearby. The consul said they did not intend to hit the aviators or their plane.

The wound sustained by Captain L. W. McNabb, one of the fliers is healing rapidly, it was said tonight.

Citizens Protest. Chihuahua City, Sept. 3.—Two American airplanes, bearing the numbers R-244 and B-235, flew over Chihuahua City yesterday and disappeared toward the north-east. There have been many unofficial protests from all classes against what is considered an unnecessary provoking act of the Americans. This is the second appearance of American planes here within a week.

El Paso, Tex., Sept. 3.—Colonel Guillermo Valles, assistant chief of staff who is here stated today, two American airplanes flew over Chihuahua City last Thursday. Mexican officials said today no formal protests had been made to American authorities against the crossing of these planes.

SOCIALIST PARTY IS DECREASING. CHICAGO, Sept. 3.—War and the withdrawal of radical insurgent elements have reduced the total membership of the national Socialist party in this country to 32,417 according to a report read today.

Before the war the party claimed a membership of 117,000.

A summary of important business transacted by the convention follows:

Urged political freedom for Ireland and India.

Criticized congress for declining to seat Victor Berger, Socialist, of Milwaukee, pending an investigation of his claims to the office.

Endorsed the plan for a general industrial strike Oct. 8 to compel the release of Tom Mooney, Eugene V. Debs and other prisoners.

Endorsed the co-operative store plan to reduce the high cost of living.

Sent telegrams of fraternal greeting to Eugene V. Debs and other radical leaders imprisoned during the war.

ADMIRAL KOLCHAK APPEALS TO RUSSIANS. LONDON, Sept. 3.—Admiral Kolchak head of the all-Russian government at Omsk has issued a stirring appeal to all Russians capable of bearing arms to join the ranks declaring that the destiny of Russia is at stake. He declares that his government will not lay down its arms until victory has been won.

A despatch from Omsk says Admiral Kolchak has called upon the remainder of the population incapable of bearing arms to furnish supplies and munitions.

REFUSES TO RATIFY SUFFRAGE AMENDMENT. MONTGOMERY, Ala., Sept. 3.—For a second time the state senate refused yesterday to ratify the federal woman suffrage constitutional amendment. A motion to ratify was defeated 18 to 13 after a debate of two hours.

State Orders Western Union Rates Reduced. SPRINGFIELD, Ill., Sept. 3.—Rates of the Western Union Telegraph company in Illinois have been ordered to the former charges, made before the wires were placed under federal control.

The state public utilities commission entered an order today, suspending the present rates, pending investigation and hearings by the commission.

When the telegraph wires were placed under federal control, certain increased rates went into effect. After congress returned the systems to the owners, no provision was made for the continuation of the higher charges.

The Western Union Telegraph company immediately filed an application with the public utilities commission, asking that the present rates, which are twenty per cent higher than the former charges be continued.

Under the order of the commission the charges will revert to those formerly made, until the commission completes its investigation and hearings on the proposed continuation of higher rates.

NAME DEFENDANTS IN FOUR LIBEL SUITS. NEW YORK, Sept. 3.—Attorney General Palmer and Allen Property Custodian Garvan were named as defendants in four libel suits filed in federal court today by Julius Forstmann and the Forstmann and Hufmann company of Passaic, N. J. Damages aggregating \$50,000 are demanded. The suits are based on articles written by Mr. Palmer for the Saturday Evening Post and Munsey's magazine and by Mr. Garvan for the New York Tribune. The three publications also are made defendants.

These articles, the complaints allege, charge the companies with disloyalty during the war and with being enemy owned and operated in the interest of Germany. These charges, the complaint alleges, are false.

SENATE PASSES PUBLIC LAND LEASING BILL

Measure is Adopted Without a Record Vote

WASHINGTON, Sept. 3.—Without a record vote the senate tonight after a twelve hour session passed the bill to make possible the leasing of public lands having deposits of oil, coal, gas, phosphate and sodium.

In passing the measure, the senate approved amendments offered by Senator Harris, Democrat, Georgia, which would provide that under the Clayton anti-trust act oil companies may not charge different prices in various parts of the country.

Another amendment Senator Harris said would cause the constituent companies of the Standard Oil company soon to become independent in ownership in fact as well as in name was adopted. This amendment would prohibit stockholders of corporations producing petroleum and its by-products from acquiring stock in any corporation similarly engaged if both corporations have been created in conformance with a court dissolution decree or for the purpose of avoiding prosecution under anti-trust acts.

Consideration of the bill was marked by bitter debate during which Senator LaFollette, Republican, Wisconsin, in the last six days has spoken more than twenty hours, charged that the bill was for the benefit of the Standard Oil company. Today the Wisconsin senator charged that the Standard Oil company and its associates were attempting to influence the senate's action upon the German treaty and the league of nations.

Leasing of land under the bill is placed under the secretary of the interior and in the case of coal lands the bill provides for a royalty of not less than five cents or more than 20 cents a ton shall be paid.

A provision authorizing the sale of lands as proposed in the leasing bill last session was eliminated. Royalties upon oil lands would be not less than 12 1/2 per cent or more than 25 per cent upon production while for phosphate the royalty would be two per cent of the gross value of production and one-eighth of production for sodium.

The bill prohibits aliens from stock ownership or otherwise from owning in any interest in leased lands. Royalties upon oil lands obtained under the bill except where the leasing power is given to the president.

Amendments by Senator LaFollette were approved by the senate prohibiting employment of boys under 16 years of age and women and girls without respect to age in mines on government leased land, requiring licenses on disposal of their products at reasonable prices and prohibiting persons holding leases from engaging in combinations in restraint of trade.

INDEPENDENT PACKERS BEFORE COMMITTEE. WASHINGTON, Sept. 3.—Heads of the two largest packing concerns in the United States outside of the "big five," a scattering of stock raisers and meat dealers and a representative of the Chicago Board of Trade were among opponents of the Kenyon and Kendrick bills for the regulation of the packing industry heard today by the senate agriculture committee.

Senator Kenyon, Republican, Iowa, cross-examined W. D. Reynolds, and J. H. Hall, two Fort Worth, Texas, ranchers, bringing out admission that they had been paid expenses by the packers after appearing before congressional committee on a previous occasion when legislation considered inimical by the "big five" was under consideration but both men insisted they did not expect reimbursement for this trip.

L. F. Gates, for the Chicago Board of Trade, gave the committee a specific argument in opposition to the bills.

ELECT EIGHT NEW MEMBERS. Washington, Sept. 3.—Eight new members were elected to the Republican congressional committee tonight at a party conference. Representatives Tinscher, Kansas, and McLaughlin, Nebraska, new members were selected. The others were Representatives Ramser, Iowa; Riddick, Montana; Taylor, Tennessee; Miller, Washington; Bowers, West Virginia, and Senator Fall, New York.

SIGNS PERSHING BILL. Washington, Sept. 3.—President Wilson tonight before leaving on his speaking tour signed the bill to make permanent the rank of general for General Pershing and sent the nomination to the senate. Confirmation of the nomination is expected before General Pershing reaches the United States next week.

OUTLAWS ARRESTED. Washington, Sept. 3.—Outlaws responsible for the murder of John W. Correll, an American citizen, have been arrested and will be placed on trial at Tampico, the Mexican embassy today announced.

Revision Of Military Justice System Urged

Many States Will Be Visited on Trip to Pacific Coast

WASHINGTON, Sept. 3.—Military commanders must have the power to bring summary justice to men who have a tendency to quit their commands on the eve of battle, Major General J. F. O'Ryan, commanding the New York national guard declared today before a senate military subcommittee considering the Chamberlain bill proposing a general revision of the system of military justice. Hope of reward, pride and patriotism, he said, are among the things that stimulated soldiers to courage in battle, but under them must lie the knowledge that swift retribution will follow any shirking of the fight.

General O'Ryan was on the board which submitted a report endorsing modifications of the articles of war and the court martial system, a system, he said, of radical charges outlined in the Chamberlain bill.

General O'Ryan agreed that the meat of this thing lay in the creation of an appellate power somewhere which could relieve soldiers of the stigma of conviction if it appeared the fair thing to do instead of leaving it as present, a question for executive clemency which could take away the punishment but not the conviction. He agreed with the board's view, however, that enforcement of discipline was a function inseparable from command and should, therefore, be administered in the name of the president not by the judge advocate general, or any other official as an independent power.

HUNGARY UNSETTLED. BUDAPEST, Tuesday, Sept. 2.—(By The Associated Press.)—The political situation in Hungary is marking time pending entente approval of the proposed new government and of the stipulations attached to the resignation of Premier Frederick and his cabinet. There is resistance on the part of the Socialist element to acceptance without a clear understanding of his position before the entente and the consequent assurance of some degree of stability and permanence for the proposed regime.

Preparations of the elections are being held up until the allied attitude becomes known.

The conditions attached to the offer of Premier Frederick to resign were given in a Budapest despatch Sept. 1. It was declared the entente must recognize and negotiate with the new government as representing the constituted authority of Hungary and permit it to organize a new army and police force.

EUROPE STILL NEEDS HELP, SAYS HOOVER. PARIS, Tuesday, Sept. 2.—There is still need for private charity in Europe, Herbert Hoover declared when asked during his testimony before the congressional sub-committee today if such a need existed. Outside help was imperative, he considered, especially for children, between 3,000,000 and 4,000,000 of whom the American relief administration has been feeding and who now will be fed thru the private organizations succeeding it.

Asked if the United States government should not support this work, Mr. Hoover said he would be glad to help from all sources. Discussing the relief of central Europe thru a plan for the United States guaranteeing \$3,000,000 or \$4,000,000 worth of credits a suggested, Mr. Hoover urged that if such credits were granted the United States should retain the right to direct what countries should receive them. He said he believed that the sixty three or organizations doing relief work in Europe should be co-ordinated.

BOLSHEVIKI TROOPS OCCUPY DUBOVKA. LONDON, Sept. 3.—The Bolsheviks have occupied the town of Dubovka, on the Volga, 181 miles south-southwest of Saratov according to a Soviet official statement issued at Moscow.

The text of the statement follows: "We have occupied Dubovka. The enemy is evacuating Tsaritsyn (government of Saratov 110 miles south-southwest of Kamishin) and we have taken Lazarev. During the capture of Omsk, 155 miles east-southeast of Orenburg, we captured 3,000 prisoners."

VOTE TO CONFER WITH PALMER. Boston, Sept. 3.—The National Association of Attorney General voted today to confer with Attorney General Palmer on plans for a countrywide campaign to reduce the cost of living and to secure the presentation in the several states of legislation to curbing profiteering and other practices that tend unjustly to raise prices.

MINERS CONTINUE MARCH. Louisville, Ill., Sept. 3.—The striking miners from Belleville continued their march at noon today in their efforts to gain admission to their cause, crossing from Randolph county into Perry county with the town of Winkle as their announced destination by nightfall.

WILSON DEPARTS ON LONG SPEECH MAKING TOUR

Many States Will Be Visited on Trip to Pacific Coast

HARRISBURG, Pa., Sept. 3.—(On Board President Wilson's Special Train.)—President Wilson definitely decided tonight that his review of the Pacific fleet at Seattle, about which some uncertainty had arisen, would take place at 3 p. m., Saturday, Sept. 13. This arrangement will give him two days at San Francisco, Sept. 17 and 18, as originally planned.

WASHINGTON, Sept. 3.—President Wilson in a final conference today with Senator Hitchcock of Nebraska before his departure on his speech making tour to the Pacific coast expressed confidence that the treaty finally would be ratified without amendments or "destructive" reservations.

The president told Senator Hitchcock that in all of his addresses during his trip he expected to emphasize that delay in ratification was obstructive to legislation on the cost of living, the railroad question and all reconstruction problems.

The president and his party reached the station at 6:45 and were given an ovation by the crowd. After escorting Mrs. Wilson to the private car the president returned to the platform and bade with friends until the time for departure.

Many Newspaper Men. Accompanying the president in addition to Mrs. Wilson were Secretary Tumulty and Rear-Admiral Cary T. Grayson. Nearly thirty newspaper correspondents also were aboard the train in addition to the force of official stenographers and secret service men. The trip will carry Mr. Wilson as far west as the Pacific coast, almost to the Canadian border on the north and almost to Mexico on the south. He will speak in every state west of the Mississippi except four and will speak in Ohio, Indiana, Kentucky and Tennessee. In point of distance covered the tour almost will be on a par with the president's trip to France and return and the members of his party expect it to be much more strenuous.

Altho the detailed schedule was held in confidence in the interest of safety to the presidential train, it is understood that most of the stops will be only for three or four hours.

Visit Many States. In Des Moines, Seattle, Los Angeles and Louisville, however, where Sunday stops are made the president will have opportunity for brief respites. In Seattle he will review the Pacific fleet.

After his address at Columbus, Missouri, Mr. Wilson will go to Indianapolis in time for an evening meeting. Then he will continue westward with stops at St. Louis and Kansas City. The following week he will make speeches at Omaha, Sioux Falls, St. Paul, Minneapolis, Mismark, Billings, Helena, Coeur d'Alene, Spokane, Tacoma and Seattle. Then will come Portland, San Francisco, San Diego, Los Angeles, Reno, Salt Lake City, Cheyenne, Denver, Pueblo, Wichita, Oklahoma City, Little Rock, Memphis and Louisville. The return to Washington will be on Sept. 30.

Mr. Wilson is expected to make some shorter speeches from his train.

Altho it is expected that the president will devote most of his attention to the peace treaty, he also may touch on the high cost of living.

'CANNED SERMONS' FOR PASTORLESS CHURCHES. LAKE GENEVA, Wis., Sept. 3.—"Canned sermons" are a possibility in pastorless Presbyterian churches as a result of action taken today at the Presbyterian new era conference. It was disclosed 3,000 of the 10,000 Presbyterian pulpits are vacant. Dr. W. J. Marquis of Chicago, associate secretary endorsed the recommendation that phonograph records of approved sermons be obtained and provided for use in vacant pulpits.

LOWDEN IS NOT THAT TYPE

No definite statement has come from Gov. Lowden as to his willingness to accept the nomination for the vice presidency on the Republican ticket. There is no need for such an announcement for people who know the governor's ability for leadership and for tireless activity see something incongruous in the mere suggestion of his becoming a vice presidential candidate.

MAYOR THOMPSON IS CONSISTENT

Mayor Thompson has sent a memorial to Congress protesting against the high cost of living and making various suggestions about legislation. The mayor lays special emphasis on his opposition to compulsory military training. The mayor's war record was of an unpopular kind and this recommendation will give further color to his reported belief in unpreparedness.

THE QUESTION OF WELLS

In Springfield the board of health has been busy condemning wells as a result of water tests made. Probably tests in Jacksonville would show like results but nevertheless health conditions here may be called normal. Fortunately Jacksonville has in prospect a supply of pure water so that in after years should whole-sale condemning of wells come it would not mean disaster, and no doubt even more healthful conditions.

WEEDING THEM OUT.

Twenty-four miners' organizations have lost charters because of their recent insurgency and refusal to obey the orders of President Farrington. The local unions are to be reorganized leaving out the extreme radicals. It is quite often the case that labor organizations are misrepresented by the small minority and in these days there seem to be quite frequent instances where the extremists have gained control or rather are so much in the limelight that their activities overshadow those of the strong conservative members.

A HARD NUT TO CRACK

Senator Johnson's proposed amendment of the peace league treaty that would give the U. S. as many votes as are accorded England seems to present a hard nut for the league advocates to crack. The senator's suggestion will strike a responsive chord with the public for Americans, while having a most friendly feeling for England and realizing the obligation that America owes to Great Britain, see no reason why the two nations should not be equal in peace league affairs.

WHY NOT CONTINUE

The union meetings of a number of Jacksonville churches during the summer months have been largely attended and in every way successful. Since it is admitted that most Protestant churches have difficulty in assembling large Sunday evening audiences, the question has been asked why these union services could not continue thru the winter months with mutual profit.

Even in church services there is enthusiasm and interest that come with numbers which nothing else can bring. Some years ago the idea of union church services would have been given little thought but the times have changed and the movement for general union is some time likely to take definite form.

AN IMPORTANT ELECTION

The voters of Morgan county should not forget that an election is to be held next Wednesday, Sept. 10, at the usual county polling places. The people are called upon to nominate candidates for member of the constitutional convention and candidates for the office of county commissioner. Reference has previously been made to the importance of selecting qualified men as delegates to the constitutional convention but too much cannot be said along this line.

The legislature provided for the election of two delegates from each senatorial district. Although the people will have the opportunity to vote upon the proposed constitutional changes suggested by the convention, it is important indeed that men high minded and capable be chosen as delegates to the convention. Do not forget to vote September 10.

TACKLING A BIG QUESTION

Secretary Baker says that the first announcement about the method of operation of the arsenal at Rock Island was exaggerated. That announcement indicated that a committee representing the workers was really in control of all the arsenal work. Mr. Baker says that the committee is advisory and that the officers have the same control as heretofore.

There has been the hint that the Rock Island arsenal plan is the one that President Wilson will suggest at the conference of labor and capital which is to be held at an early date in October.

That conference is indeed going to tackle a big problem but on its satisfactory solution much of the prosperity of the country for the next decade depends. Without going into a discussion of the question it doesn't seem beyond the range of possibility for representatives of capital and labor to find some common ground, to reach an understanding which will be applicable to all classes of industry, providing a satisfactory return to capital for investments made and to labor for work done.

In some way capital and labor must come to realize that their interests are in common and that they can never accomplish the desired results until they stamp out suspicion and until they pull together instead of apart.

Rippling Rhymes
By Walt Mason

Gold Bricks.

Some busy fellows in our town are always hustling up and down, intent on boosting things; they want to raise a bunch of kale to put a flagpole on the jail, or build new courthouse wings. They want to paint the country club, or hire some highly gifted dub, to beautify the grounds; and so they come to me and say "We need a lot of coin today, so cough up seven pounds." But always I have other use for every cent I can produce, some junk I have to buy; I line up with the easy hicks who blow themselves for gilded bricks, or stripes of azure sky. I have a gold mine up in Maine, where any man would be insane who dug around for gold; I have an ice plant on a shore where arctic billows always roar, and it is beastly cold. I have a ranch that ought to grow all kinds of grain that moderns know, if it had any soil; I have an oil well on a hill, where high priced workmen drill and drill, and never reach the oil. I'm always buying costly shares that ought to make men millionaires, but never, never do; I'm buying shares in mills and mines, and grizzly bears and pumpkin vines, and remedies for flu. And so I cannot spare a red to help our village fore ahead, to aid the boosters' fads; assessments always coming due, it seems to me I'm never thru with shelling out the seeds.

OLD JACKSONVILLE

EARLY NEWSPAPER MEN

By Engley Moore

(Member Illinois State Historical Society)

In another connection—a semi-centennial matter—the writer has told the history of the Weekly and Daily Journal, the one long lived newspaper of Jacksonville and Morgan county. But we have had a number of journalistic attempts, of greater or less length of life.

Credit for many of the names here used is to be given to Prof. Frank W. Scott, in "Newspapers and Periodicals of Illinois, 1814-1879."

Jas. G. Edwards was the first man to establish a paper here—and the Journal is more or less descended from that. It is not intended now to give the full sketch to which Mr. Edwards is entitled. It is hoped to do this at some other time. But this article is rather to be a moving picture of editors or proprietors of our papers.

Mr. Edwards came to Jacksonville in November, 1829, intending to engage in the printing business, and he established our first newspaper, "The Western Observer," in May, 1830. It was Whig politically.

Devoted to politics, education and religion," Mr. Edwards was a man of high character and ability, and went from here to Iowa, where he soon established, and maintained the "Burlington Hawkeye," one of the best publications of the country. Mrs. Edwards was an able helpmeet to her husband, and one of the grand women of the pioneers. They left no children. The Edwards were from Boston, Mass.

The "Observer" became the "Illinois Patriot" Dec. 20, 1831—running until 1837, and being of Whig politics. Mr. Edwards had Charles Jones with him in this. Edwards was succeeded for a brief period apparently, by Gov. Joseph Duncan.

Josiah M. Lucas succeeded Mr. Edwards in ownership in 1837, changed the headline to the "Illinoisian." A. H. Buckner and Col. John J. Hardin edited it for a while, and then Mr. Lucas ran it until 1843, when he leased the office to J. M. Hodge and William S. Swett. They published it until April 9, 1844, Hodge being editor; when it was discontinued.

Mr. Lucas was a native of Maryland and a bright man, who became quite prominent in government service. Mr. Swett reappears in 1845.

Robert Goudy, our first bookbinder, established the "News" in April, 1834, it being the first Democratic sheet here. In 1835 it had been combined with the "Illinois State Gazette," established in October 1834, also Democratic, by S. S. Brooks. The combination was headed "Illinois State Gazette and Jacksonville News," edited and published by S. S. Brooks and John H. Pettit. The latter withdrew in 1836, and Brooks ran it for a time. It suspended for a while, and then started up again April 22, 1837. Brooks, W. W. Curran and D. G. Day being publishers. The last two soon dropped out, leaving Brooks alone again.

Wm. H. Coyle started up "Liberty's Sentinel" in August, 1835.

FRANKLIN CHILD DIED SUDDENLY

Infant Child of Mr. and Mrs. Harold Brown Dies of Acute Indigestion—Coroner Held Inquest.

Catherine Alberta Brown, the infant daughter of Mr. and Mrs. Harold Brown, died suddenly Tuesday. Circumstances were such that it was deemed best to hold an inquest.

Coroner Rose was notified and held an inquest Tuesday afternoon. The jury returned a verdict that death resulted from acute indigestion.

Funeral services were held at Franklin cemetery Wednesday morning in charge of the Rev. H. W. Miller.

PUBLIC SALE

Mrs. Chas. E. Taylor will hold a sale at her home 6 1/2 miles southeast of Jacksonville and 5 miles northeast of Woodson on Tuesday, September 9th, commencing at 10 a. m. Horses, cattle, hogs, sheep and farm implements will be offered.

but he "quit the job" soon.

Culvin and E. T. Goudy edited and published the "Common School Advocate," beginning in January, 1837. But it did not last long. Culvin Goudy went to Taylorville, and E. T. Goudy to Springfield.

Brooks Again. Brooks batted up with the "Illinois Standard," March 10, 1838, and promulgated Democracy till the close of 1838, when the title was changed to "Spirit of the West and Illinois Standard," and that ended it about the close of 1839. Mr. Brooks went to Quincy, where he was connected with the "Herald," and became a leading man.

A. V. Putnam started up the "Illinois Democrat" May 20, 1840, but he was succeeded in a few months by W. C. Swett. It ran until 1842.

Prof. J. B. Turner edited the "Illinois Statesman" April 29, 1843 to May 27, 1844.

"The Morgan Journal" began in 1845, running until 1858. It was a Whig paper edited by Wm. H. Sigler, published by W. C. Swett. John B. Shaw edited it in 1847. Dr. E. R. Roe followed, then Paul Seely under whom it became Republican, and Wm. H. Collins.

took it over in 1858, changing the name to Jacksonville Journal. These had all been weekly papers.

Now the movies dash along, as Collins, W. C. Brown, H. J. Atkins, Wm. W. Jones, and Col. Geo. P. Smith appear and pass out of sight by 1869.

"The Western Star" glimmered from January, 1845, for almost a year, under the Rev. A. Bailey, semi-monthly; printed by W. C. Swett. Mr. Bailey was the Baptist minister here.

J. S. and E. W. Roberts blinked the "Jacksonville Standard" in and out in 1846, say.

"The Constitutionist" was run from 1852 to 1855, Dr. E. R. Roe, Col. T. H. Cavanaugh and Jno. M. Taggart being the workers. They tried a daily, but soon gave out.

W. T. Davis wielded his little "Hatchet" in 1855.

The Sentinel was started and edited from 1855 to 1873, by J. R. Bailey. It was first a Whig supporter, but soon became, and remained Democratic. This was the first Democratic paper to live here long.

Fanning & Paradise made it the "Illinois Sentinel" in 1873; Gerstom Martin editing from 1874 to 1876. Mr. Bailey was a Pennsylvanian. He died here.

N. B. Walker tried to run an "Argus" in 1859, and C. J. Sellon a "Campaign Argument" in 1860, but Lincoln and Douglas had the floor too much.

Edward R. Trover started and gave up the "Dispatch" in 1861-2.

Such is the roll call of aspirants for the public attention down to about the Civil war. Some of these were "onto the job," but there are some people here who know, or knew of, almost all of them.

The "preparation" influences his comfort-status and peace of mind for the entire year—therefore, do it right.

The young man leaving for college or university, his trunk filled with clothing that is right in every little detail, has a decided advantage over the one who is worrying about whether his clothes will be "just right."

Don't handicap him at the start. Send him away in the right frame of mind. It don't cost a cent more, and in the long run will cost less because tailored-to-order suits and overcoats last longer and look better while wearing. There's no doubt about it. AN ORDINANCE.

An ordinance amending Article VIII of Chapter VII of the Revised Ordinances of the City of Jacksonville, Illinois, entitled "The Cemetery Department."

Be it ordained by the City Council of the City of Jacksonville, Illinois:

Section 14.

That Article VII of Chapter 7 of the City of Jacksonville, Illinois, be and the same is amended by adding the following Rules and Regulations:

Section 15.

The Authorities of Jacksonville Cemetery in compiling these rules and regulations, have carefully considered those in force in recognized model cemeteries and adopted such as, in their opinion, are desirable and necessary for the best interests of lot owners.

The nature of improvements, good appearance of the grounds, a proper mode of burial and respectful observance of the sacredness of the place, require strict adherence to rules in which the right of an individual is made secondary to the general effect.

Anything, therefore, which would mar the general beauty must be avoided, and lot owners consider that one lot is but part of the whole and seek to improve it only with regard to its surroundings.

It is their aim to make of a cemetery a quiet, beautiful resting place for the dead, where well kept turf and varied foliage of trees and shrubbery shall give a sense of repose.

Lots are conveyed by special deed from the City Authorities, securing to the purchasers, their families and heirs, a burial place forever, subject to the Rules and Regulations that are now in force or may hereafter be adopted by the Authorities, but exempt from taxation and any process of law whatever.

No lot will be regarded as sold, or deed delivered, until paid for, and if interments are permitted before such time, the City of Jacksonville retains the right of future burial on the lot and reserves the right after demand of payment, to remove the remains to the single grave section or other suitable place.

The Authorities will direct generally all the improvements with-

in the grounds before as well as after interments are made.

The corners of all lots will be permanently marked by the lot owners. No lot or parcel of land shall be defined by any fence, railing, hedge, embankment or depression.

Boxes, shells, toys, wire screens and designs of any description, chairs, settees and benches, rustic work and so-called ornaments and architectural objects are considered injurious to the beauty, dignity and repose of the Cemetery and will not be permitted.

Planting within the limits of a lot, so as to avoid crowding or encroaching on adjoining lots, require intimate knowledge of the habits and growth of trees and shrubs. Such work can only be done with the approval and under the direction of the Sexton by employees of the Cemetery.

Mounds will be kept nearly flat, it being otherwise impossible to mow grass properly or keep it alive. The sod must not be removed, nor can flowers be planted on graves. This rule does not interfere with placing cut flowers on the graves. Myrtle or ivy will be permitted as a grave covering, provided no mound is raised and its care is arranged for with the Sexton, at the cost of the owner of lots. If any tree or shrub, situated in any lot, shall by means of roots, branches, or otherwise become detrimental to adjacent lots or avenues, or unsightly or inconvenient to the public, it shall be the duty of the Sexton to enter upon said lot and remove said tree or shrub, or such parts thereof as are detrimental, unsightly or inconvenient.

It shall be unlawful for any person, or persons, to do any labor in or about any lot or ground in the Cemetery, for hire, except by authority and under the direction of the Sexton.

Section 16.

Funerals and Interments.

All funeral processions, while within the grounds, will be subject to the direction and control of the Sexton.

Undertakers must arrange the time of funerals so as to be out of the grounds before dark.

Carriage and Automobile drivers employed at funerals must always keep to the right on the avenue, and remain with their respective vehicles during the ceremonies, and otherwise conduct themselves properly and in a manner becoming the place and occasion.

The preference shown for Sunday as a day for funerals is to be deprecated, and the selection of a week day is recommended.

Section 17.

To Be Observed By Lot Owners and Visitors.

Visitors will be admitted to the grounds daily. The entrance will be opened at 7 o'clock A. M., and closed at sundown.

Bicycle riding for pleasure will not be permitted.

No rapid driving or riding will be permitted, no driving or riding other than on the main avenues.

Omnibuses or conveyances of cumbersome description will not be permitted to enter the grounds without special permission.

Horses must not be left, unless fastened where posts are provided for that purpose.

No person with firearms or dogs permitted on the grounds.

All persons are strictly prohibited from plucking any plant, whether wild or cultivated, breaking or injuring any shrub, marking any monument or landmark, or in any way defacing the grounds of the Cemetery.

No person permitted to enter Cemetery but through the entrance.

No person will be permitted to use profane language or in any way disturb the quiet and good order of the Cemetery.

It is of the utmost importance that there should be a strict observance of all the proprieties due the place, whether embraced in these regulations or not, and as no impropriety will be tolerated, all well disposed persons will confer a favor by informing the Sexton of any breach of these regulations or decorum that may come under their notice.

To secure the best landscape and lawn effects it is essential that the care of the entire grounds be under the care and direction of the Sexton.

Avenues and walks will be kept in good condition, trees trimmed, shrubs pruned and grass will be cut each spring. This will be done without extra cost. Other work desired, such as sodding grass, care of flowers, etc., will be done only at the expense of lot owners.

Sexton of Cemetery must be consulted before time of funeral is fixed. If Sunday funerals must be held, order must be in by 11 A. M. the preceding day.

Charges for removing a body shall consist of the opening of two graves and other charges, (according to conditions, to be determined by the Sexton.)

Driving faster than a slow trot is not allowed. Automobiles must not run over 8 miles an hour.

No smoking allowed by anyone at a funeral. No boisterous talk or conduct allowed. All work must be paid for in advance.

\$2.00 fine for damaging any property or about Cemetery, taking flowers from beds, lots or urns.

Any person or persons violating any of these Rules shall be prosecuted to the full extent of the law.

Section 17.

All labor must be done under the supervision of the Sexton, for which charges will be made as follows:

Care of one lot for season . . . \$4.00

Care of two to four lots each season, each 3.00

Care of any number exceeding four, each 3.00

Care of one-half lot for season 3.00

Care of one vase for season 3.00

Care of two or more vases for season, each 2.50

The Washer

That Takes the Wash Out of Washing

The Only Low Price

Practical Washing Machine

Why You Should Use a National Vacuum Washer

BECAUSE: It washes much quicker, does it much cleaner and with a great deal less work to the operator.

Why Does it Wash Cleaner

BECAUSE: the rapid action of the dasher driving the hot water and suds through the solid clothes forces the dirt out. The agitation of the hot water makes the dirt respond immediately. Two to six minutes will remove the dirt from any fabric that can be cleaned with soap and water.

Why Does it Wash Cleaner

BECAUSE: by the vacuum principle the dirt is all forced OUT instead of rubbing part of it into the fabric.

Why with Less Work to the Operator

BECAUSE: by the vacuum principle it requires only power to handle the water, not the clothes. This eliminates the wear on the fabric and makes the machine run much easier.

In order to fully appreciate the real value of THE NATIONAL VACUUM WASHER, YOU MUST GIVE IT A TRIAL.

Watch the Little Pimples; They are Nature's Warning

Insightfully and Disfiguring Signals of Bad Blood

Don't close your eyes to the warning which nature gives, when slightly pimples appear on your face and other parts of the body. Not only are these pimples and blotches disfiguring, but they lead to serious skin diseases that break and cause the most discomforting irritation and pain. Sometimes they foretell eczema, dandruff, blisters, scaly eruptions, and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

When these symptoms appear, any part of the body, take prompt steps to rid the blood of these disorders. And the one

remedy which has no equal as a purifier is S. S. S., the purely vegetable blood medicine, which has been on the market for more than fifty years. It is sold by druggists everywhere.

If you are afflicted with any form of skin disease, do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S. S. S. today, and write a complete history of your case to our chief medical advisor who will give you special instructions, without charge. Write at once to Swift Specific Co., 441 Swift Laboratory, Atlanta, Ga.

LEADERS CONFIDENT OF RATIFICATION

(Continued from Page One.)

European peoples and Senator Hitchcock today advised Mr. Wilson that the foreign relations committee's hearings on those questions were "useless" because he said the committee does not intend to report any amendments or reservations to the treaty which have been asked in that respect. The president's treaty discussions are expected to evoke replies from Republicans in the senate. The final step of committee action, consideration of a resolution of ratification with reservations—is planned for Friday and submission of the treaty for open senate debate is to follow as soon as possible.

In the negotiations of the Republican factions on reservations the present stumbling block is said to be on a reservation affecting Article Ten with its foreign territorial guarantees. The tentative reservation said to have been drawn by senators demanding "strong" reservations is understood to declare emphatically that the United States "will not" and "refuses" to undertake obligation of the territorial guarantees in advance of specific action by congress as required by the constitution.

The three reservations on which the radical and moderate Republican groups are said to have reached an agreement are said to propose to declare that the United States shall be the sole interpreter of the Monroe Doctrine, shall decide all domestic policies, such as tariff and immigration without intervention by the league and upon deciding, without judgment of the league, that national obligations have been fulfilled, shall be privileged to withdraw from the league upon notice.

JESS WILLARD, SUPERMAN, WEARS NUMBER TEN BOOT

That Jess Willard, superman, appearing in "The Challenge of Chance" at the Majestic theatre today wears only a number ten boot is an astonishing fact revealed recently. It is remarkable inasmuch as Willard is a man of such tremendous size, standing six feet and a half in his stocking feet, weighing, ordinarily, in excess of 250 pounds and having a reach of eighty-three and a half inches.

The discovery was made when Jess, who, admiring Al Hart for his gameness in the fight scenes of the picture, presented him with a pair of his cowboy boots, Hart wearing the same size as Willard.

WILL MAKE AUTO TRIP TO THE WEST

Mr. and Mrs. Fred Grassly of East Superior avenue expect to leave about Sept. 15 for an auto trip to the western coast, and it is possible that they may locate in California. Mr. Grassly has recently disposed of his auto repair shop to Thomas Ransom of 1701 South Main street, and the latter will continue the business. Mr. and Mrs. Grassly will make the long trip in a truck and will carry with them a complete camping outfit. They expect to make the journey by easy stages.

Put Up Every Pound of Fruit You Can Get This Summer

Delicious Jams, Jellies and Preserves made by this recipe:

Many a woman hesitates to try putting up fruit at home.

She fears she will only waste expensive materials.

It really is very simple. Just make your preserving syrup with ½ Karo (Red Label) and ½ sugar instead of sugar alone.

You can then be as sure of your results as the woman who always has "luck" with her preserving.

Nice fine, clear Karo Syrup has a natural affinity for the fruit juices. It blends the sugar with the juice—brings out the rich "fruity" flavor, and insures firm jams and jellies that never "candy" in the glass.

A well-filled fruit pantry will give you much pleasure this winter, when fresh fruits are scarce and high, if you just use Karo Syrup with your sugar.

For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

FREE Preserving is easy when you have the sixty-eight page Corn Products Cook Book handy. Wonderful recipes—easy to follow. Beautiful illustrations. Write us today for it. It is free.

METHODISTS TO MEET AT CHARLESTON

Much Interest Attaches to Annual M. E. Conference This Year—Removal of Wesleyan University One of Principal Matters to Be Discussed.

Methodists are looking forward to the annual conference which will be held this year at Charleston beginning Sept. 17. Bishop Thomas Nicholson will preside and the sessions promise to be of even more than usual moment to the church. The laymen's association

will hold its quadrennial meeting at the same time that the conference is in session. At this time the eight laymen delegates to the general conference which is to meet at Des Moines will be chosen.

One of the principal questions to be considered by the conference will be with reference to the removal of Wesleyan university from Bloomington to Springfield. It will be remembered that the conference some time since took action favoring the removal but the trustees of the institution decided that it was more feasible to retain the university at Bloomington.

The fact that the trustees of Wesleyan are named by the conference and that they did not carry out the expressed wish of the conference to removal has been the occasion of considerable discussion. As indicated, a further consideration of the subject will be one of the principal business matters before the conference.

G. D. NELSON ATTENDS INSURANCE CLUB MEETING

G. D. Nelson will leave tonight for Chicago on the way east to attend a meeting of the \$200,000 club of the Connecticut Mutual Life Insurance Co. The home office of the company is at Hartford, but the club sessions will be held at New London from Sept. 7 to 12. The men who hold membership in the club must have sold insurance during the past twelve months to the extent of \$200,000 or more. Mr. Nelson has been in this territory less than six months but is entitled to membership. He now has Morgan, Scott and Cass counties under his jurisdiction and three more counties are to be added. The fact Mr. Nelson is entitled to membership in the club is indicative of the active business he has been conducting.

Dr. W. H. Weirich has returned from a month's vacation, spent at points in Colorado and Minnesota, including a week at Mayo Bros. Hospital in Rochester, Minn.

MISS AGNES ROGERSON A SEPTEMBER BRIDE

Well Known Young Woman Weds Mr. Harlow of Kingman, Kansas—Beautiful Ceremony Performed on Lawn.

Out on the lawn, standing before a bank of flowers and foliage, and in the soft light shed from electric globes, the marriage of Miss Agnes Rogerson to Mr. Eugene B. Harlow was solemnized at 8:30 o'clock Wednesday night at the Rogerson home in Lockwood place. With relatives and family friends surrounding the wedding party as interested witnesses it was indeed a beautiful picture.

There was added interest in this important occasion because it was just six years ago that Miss Katherine Rogerson became the bride of Dr. H. C. Woltman. The wedding ceremonial last night was observed with the same lawn background that made the earlier wedding memorable.

The guests as they assembled for the wedding were received by Mr. and Mrs. George S. Rogerson, parents of the bride, Mrs. Delmar Spangler of Salina, Kan., and Miss Louise Harlow of Kingman, Kan., sisters of the groom. When the music of the Mendelssohn wedding march was heard with Mrs. Howard Stevenson at

the piano, the company gathered on the lawn, where Japanese lanterns and electric lights gave color to the scene. The wedding party was formed before a floral bank and there Dr. E. B. Landis, pastor of Westminster Presbyterian church, led the service, the ring ceremony being used. As the impressive ceremony progressed Mrs. Stevenson played the "Tales from Hoffman."

The bride's gown was of Princess Pat satin trimmed with silver lace and pearls. She wore a veil of tulle and carried a bouquet of bride's roses and lilies of the valley.

Mrs. Woltman very fittingly wore the crepe meter gown with broadened trimmings in which she appeared as a bride just six years ago. Her bouquet was of pink roses.

Miss Rogerson was dressed in turquoise blue silk trimmed in silver lace and beads and her bouquet was of pink roses and snapdragons.

Mr. Harlow was attended by Edward Tomlinson as best man. The guests were of one mind that this was a perfect wedding event for the surroundings and arrangements were all of a kind to make it so. There was all the beauty that a home wedding can have and a distinct stateliness was added by the use of the lawn with its environment of flowers and trees.

After the guests had extended congratulations, refreshments were served in the dining room. The Colonial Inn catering. Assisting were Mrs. W. B. Young, Mrs. Ellen Merrill, Mrs. E. P. Brockhouse and Mrs. Frank Vickery. Garden flowers had been used very effectively in the house. Pink and white were the colors in the dining room, where roses were used.

In the other apartments the color tones were secured from cosmos and asters. Powers' orchestra furnished music during the reception hours.

The wedding gifts were of a kind to evidence the good will and esteem of relatives and friends.

Families Friends for Years. Mrs. Harlow is the younger daughter of Mr. and Mrs. Rogerson and has been more than usually popular with the young people of Jacksonville. After finishing a course at the high school she graduated from the Woman's college in the class of 1913. Very shortly afterward she became a teacher of domestic art in the Jacksonville high school and has filled the position there for a six year period with especial success. In social affairs and in certain activities of Westminster church this September bride has been prominent and the fact that she is to leave for a western home is the cause for sincere regret on the part of a very large group of friends.

Mr. Harlow is the son of Mr. and Mrs. Frank Harlow, well known residents of Kingman, Kan. The Harlow and Rogerson families have been on terms of friendship for many years and the alliance thru this wedding is one which but further cements the pleasant family relationships which have so long existed. Mr. Harlow is a graduate of the University of Kansas. He has been in business for several years and is now assistant cashier of the First National bank of Kingman. Altogether he is an admirable young man, accounted worthy of his Jacksonville bride.

Mr. and Mrs. Harlow were taken by automobile to Rock house to catch the midnight train for Kansas City where they will spend several days before going to Kingman. They will be at home after October 10. The guests included Mrs. Delmar Spangler of Salina, Kan.; Miss Louise Harlow of Kingman and Mr. and Mrs. Frank Vickery of Springfield.

WILL FILED FOR PROBATE. The will of William Suhay has been filed for probate in the office of County Clerk Riggs. The will is dated November 19, 1906 and is witnessed by Lina Epperson and Wilbert H. ASKS ABOUT RELATIVES OF FORMER RESIDENT

Official of Spanish War Veterans Camp in California Wants to Get in Touch with Relatives of Oscar B. Miles.

R. L. Pyatt has received a letter from E. H. Phelps, adjutant of Hamilton S. Hawkins camp, (No. 43, United Spanish War Veterans, department of California, asking for information of the relatives of Oscar B. Miles.

Oscar B. Miles lived in Jacksonville when a boy and young man but it has been 25 years or more since he left here. If there are any relatives in this vicinity they are requested to communicate with Mr. Pyatt. The letter follows:

Soldiers Home, Calif., August 25, 1919.
The City Clerk,
Jacksonville, Ills.
Dear Sir:

Oscar B. Miles died here July ninth. He gave as his place of birth, Jacksonville, Ill., November 11th, 1869.

On joining the 3rd Mississippi (Volunteers, war with Spain, he gave "no relatives," and did the same thing on becoming a member of this camp.

I thought it would be the right thing to find his relatives, if any, so as to notify them of his death, and it occurred to me that your newspapers there might be willing to make a news item of this for that purpose.

Or, if there are any old time people there named Miles, I will give me their address, I will write to them.

I would like to hear the result of your investigation of the matter.

Very truly,
E. H. Phelps.

Matrimonial

Hensley-White.

James W. Hensley and Miss Harriet E. White, both of New Berlin, were united in marriage at 4 o'clock Wednesday afternoon by Justice A. B. Opperman at his office in West State street. The ring ceremony was used. The groom was only 18 years of age and had to bring the written consent of his father certified from Sangamon county, in order to get the license.

Following the ceremony, the couple left for Lincoln, Neb., where they expect to spend several days. Upon their return they will reside near New Berlin, the groom being a farmer by occupation.

OUR BATTERY IN SHAPE. We are now prepared to charge batteries at our garage on West Court street.

Edison Says About Horses

"A horse is the poorest motor ever built. He eats 12,000 pounds of food a year. He eats the whole out-put of five acres. And yet his thermal efficiency is only two per cent."

What Users Say About the Moline Universal Tractor

"My son, with the Moline-Universal Tractor, has performed the work of six horses and two men in the same length of time."—E. B. Jacobs, Carthage, Mo.

"I plowed deeper than I was able to plow with horses other years. I was able to do all my work alone, even harvesting, something I never did before."—Harry Cook, Davenport, Ia.

"I have 120 acres of land to work and have been without hired help most all summer. The way help is, the Moline-Universal is as good as a man for me."—John Schrider, Allenville, Wis.

"In cultivating corn I knocked down 20 per cent less corn than my team driven, by my hired man did. In farming my 150 acre farm the expense for hired help of all kind was \$100."—Lever Geer, Mechanicsburg, O.

LOW COST HAULING

What Every Business Man Wants

The International—The Low Cost Truck.

The Average Motor Truck Purchaser is not so much interested in how a motor truck is built. What really interests him is how much mileage he is going to get out of his truck for every dollar invested. International Motor Trucks have been built with this one feature constantly in mind hauling the load the greatest distance with least expense.

A Motor Truck That Lasts—Every part of an International Motor Truck that is subject to wear is provided with a removable bearing or bushing. If these parts are replaced when worn, and the truck is given the care and attention that any high grade machine deserves, an International truck will last and serve for years. Years of service is what the business man wants and years of service is what he gets with the International.

Appearance That Adds Dignity to Business—All other things being equal, customers favor the man whose equipment makes the best appearance. International Motor Trucks have that staunch and business-like appearance that inspires confidence in a business house and in the products it handles. They add an air of prosperity and dignity that proves a valuable asset.

A Real "Service to the Owner" Organization—There is an International Motor Truck of a size to meet almost every hauling requirement. We have a service and selling organization without an equal in this section of the country. Think what this means to you after you have become an owner. We are strong and the International organization is strong on "Service to the Owner," after the sale is made. Come in to our salesroom and see what we have to offer in trucks and service.

FINAL TAPS SOUNDED FOR WAVERLY VETERAN

Samuel Richardson Died Sudden-
ly Wednesday Morning — In-
quest Held by Coroner Rose.

Final taps sounded for Samuel Richardson of Waverly, a veteran of the civil war, early Wednes-
day morning.

Tuesday Mr. Richardson had been in his usual health and his wife had talked with him about midnight. About 3:30 o'clock she was awakened by her husband's struggles and he seemed to be choking.

Mrs. Richardson endeavored to arouse him but did not succeed and called her daughter and hus-
band from next door. They also tried to arouse Mr. Richardson but could not do so. They then summoned several of the neigh-
bors and Dr. E. W. Crum. When the latter arrived Mr. Richardson was dead.

Coroner Rose was notified of the death and went to Waverly and held an inquest. He empan-
nelled the following jury to sit in the case: C. C. Courtney, fore-
man; Frank Beatty, clerk; C. Mader, Harry N. Morris, Lee Morris and K. Luttrell.

The testimony of J. L. Adcock and Dr. E. W. Crum was heard. Dr. Crum testified that Mr. Richardson was suffering from heart trouble. He gave as his opinion that death resulted from a cere-
bral hemorrhage which resulted from arterio sclerosis.

After hearing the evidence the jury returned a verdict in ac-
cordance.

The deceased was born Dec. 1, 1845, at Palmyra, Ill., and there he made his home until about twenty five years ago when he re-
moved to Waverly. He was mar-
ried to Miss Mattie Tongate at Palmyra a great many years ago, and she, together with one daughter, Mrs. J. L. Adcock of Waverly, survives him. There is also one grandchild, Eva May Adcock.

Mr. Richardson was a veteran of the civil war. He had for a great many years been a member of the Waverly Christian church and was always faithful in his at-
tendance upon all the services of the church.

Funeral services will be held at 2 o'clock Friday afternoon at the Christian church, in charge of Rev. Mr. Huff, the pastor. Interment will be made in East cem-
etery.

ONE WAY TO CONSERVE

A prominent citizen of this vicinity said while we are trying to save it can be done in one way successfully. The cereals pre-
pared for breakfast cost probably six or seven times as much as the original grain. He said his mother would take a lot of wheat, boil it till it swelled and burst open when it was the equal of any breakfast food made. This is possible when a fire is kept going a good while for it takes some time to cook wheat properly but a quantity enough for a week or two can thus be prepared and kept anywhere in the winter and in a refrigerator in summer.

He said his father was troubled with occasional and often semi-
occasional severe attacks of colic or cholera morbus and was ad-
vised to eat only whole wheat bread which he did and had no more trouble. A man who suffered severely from constipation lived for a while mainly on boiled whole wheat and molasses and was cured.

NOT SO MUCH PLAYGROUND

Dropping a line of copy in the report of the meeting of the board of education meeting Tuesday night made S. W. Nichols say he had a day dream of the city pos-
sessing the whole block west of the Independence school for a playground.

What he said that he had a dream of the city possessing that block, erecting on it the first ward school building and using the In-
dependence school premises for a playground and Mr. Perrin re-
marked that the condition of the present Jefferson school building would make a new structure much needed before many years espe-
cially if the boys continued there actively with heavy heels.

AGED MENARD COUNTY RESIDENT DIES

Mrs. Fannie Branson, Well Known in This City, Passed Away Recently at Age of Eighty-Three Years.

A number of Jacksonville citi-
zens learned with regret of the re-
cent death of Mrs. Fannie Bran-
son, which occurred at the family home in Petersburg. The de-
ceased was eighty-three years of age at the time of her death and had spent all of her life in the vicinity of Petersburg. She was born in the settlement known as Clary's Grove near Tallula, the daughter of pioneer residents of that section.

On Feb. 21, 1861, the deceased was married to Nathaniel Bran-
son, who in his early boyhood days was a resident of Jackson-
ville. He engaged in the practice of law and became known as one of Menard county's most influ-
ential lawyers. He passed away on Feb. 27, 1907. Six children were born to this union, two of whom survive their mother. They are Edward R. Branson of Chicago and Miss Ella R. Branson of Petersburg.

Funeral services were held at the late residence in Petersburg Monday afternoon, Rev. S. B. Har-
rington officiating. Interment was made in Rose Hill cemetery.

GENEROUS GIFT FOR GRIGGSVILLE SCHOOL

A former resident of Griggsville has just made a contribution of \$10,000 toward the new high school building soon to be erected there. The generous gift is from John R. McWilliams, formerly a banker at Odell, Ill., and now a resident of Pasadena, Cal. Mr. McWilliams is known to a number of Jacksonville people, especially the older residents of the city.

The contracts were let recently for the new school building which will cost approximately \$72,000. The contract for the heating and plumbing was awarded jointly to Bernard Gause of this city and the Griggsville Hardware Co., at a total sum of \$16,500.

SIMPLE HOME REMEDY ADVISED FOR ROSE AND HAY FEVER

Anyone Can Make a Pint for Trifling Sum and Used in Time May Prevent Annual Attack.

"No matter how severe your yearly attack be, no matter how distressing or humiliating—

its intensity can be reduced to a harmless, mildness," says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Four ounce of Mentholized Arcine into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and snuff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcine in one ounce vials is dispensed by all the better pharmacies.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clear, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just 30 to any drug or department store, and get a large tube of SENNECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating help to check the ravages of pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENNECO. It's a most delightful and refreshing tooth paste.

E. T. SAMPLES.

A GOOD WHILE AGO

The Greenleaf-Anderson wedding a short time since brought a few reminiscences of times past to the writer.

In 1864 E. S. Greenleaf was agent for the Wabash railroad in this city and later was head of the little road which plied between Petersburg and White Hall, afterward extended to Bloomington and Godfrey and eventually absorbed by the Chicago & Alton. For a while he managed a brick yard west of town and then went down to Neelyville and had charge of the coal mines when all the soft coal used along the Wabash from Quincy to Danville and while it was rather soft and wouldn't stand being exposed to the weather as long as some it was still a very good article.

The owner of the mines sold them to a syndicate largely from this city and for three years they received more than 20% dividends and then the bottom dropped out and the stock was worthless.

Before this took place it was rumored that Ed Greenleaf was going to marry Miss Kate Greenleaf of St. Louis and it came to pass and the young pair invited a company of young people down from Jacksonville to a party. As the trains didn't run right a passenger coach was chartered and coupled to a convenient freight train but the conductor of the latter didn't understand the order and went off without his passengers.

At that time Ben Miller was engineer of the old "Lawrence" switching engine in the yards here and permission was obtained from Springfield to have him hook on to a box car and take the young people down which was done and a regular train ran at the right time to bring them back.

Some of the people on that train were Ed J. King, Joseph K. Combs, Miss Mattie Morse, Carl Irland, and Miss Julia Reed, all dead. Then Ed David, Miss Minnie Hamilton, the writer and some others not now recalled. Old man Cady went along and played for those who wanted to dance and others enjoyed the time variously.

Clarence Barry of Camp Point was a business visitor in the city yesterday.

BLUFFS YOUNG WOMEN GAVE LAWN PARTY

Misses Helen and Gladys Burbank Entertained Eighty Friends at Lawn Party — Bluffs News Notes.

Bluffs, Sept. 3.—Misses Helen and Gladys Burbank entertained 80 young people to a lawn party at their home south of town Thursday evening. The lawn was beautifully lighted with Japanese lanterns and the evening was spent in playing games suitable to the occasion. The Misses Burbank with their father recently located at the Burbank home place south of town from Kansas and this gathering of the young people of the community gave them an opportunity to extend their already large circle of friends. The pleasant evening passed will long be remembered by those who had the rare pleasure of being present.

Mr. and Mrs. Ed Long of Arenzville, Newton Mathews and sister, Miss Anna of Mercedosa, spent Sunday with George Rockwood and family south of town.

Mr. and Mrs. Wm. Borum and daughter, Miss Beatrice and Miss Helen Rockwood came down from Springfield Monday to help Mr. and Mrs. B. F. Rockwood to celebrate their 49th wedding anniversary.

Miss Grace Parker was a business visitor in Winchester Saturday.

Rev. D. R. Taylor, the F. M. supply since last May, left for his home in Greenville Monday.

Eugene Shore has been off duty for the past week on account of illness.

Harvey Kesterson and family of Clayton spent Saturday evening and Sunday with his parents, Mr. and Mrs. James Kesterson and family.

Mrs. Moses Woods and children spent Saturday until Tuesday with relatives in Clayton.

Mrs. Herman Dunham and children sent Sunday with relatives in New Salem.

Miss Veta Mueller left for Versailles Saturday to begin her second term of school in that city.

Mrs. Charles White and sons Russel and Charles took in the circus in Springfield Saturday.

Mrs. Edith Lankford and children, who have been visiting her mother, Mrs. Ada Quintal for the past two weeks returned home Tuesday.

TO RESUME PRACTICE

I wish to announce that I will again resume my practice from Thursday, September 4th, after several weeks enforced vacation. DR. C. C. PATCHEN, Rooms 11-12, Scott Block.

MANY AUTO TRESPASSERS

One of the ward captains has had returned to him reports of more than thirty infractions of the law within three days. The complaints are more for missing auto number tags than anything else; then comes lack of tail lights, failure to stop when approaching an unloading street car while failure to dim lights is all too frequent. The names of these people are known and something will soon be done. The captain referred to said when the attention of wrong doers is called to the errors they are generally good natured about it and promise to do better. The failure to dim lights is violating a state law and is very annoying to people approaching the car.

use to do better. The failure to dim lights is violating a state law and is very annoying to people approaching the car.

MAZOLA

The Perfect Oil for Cooking and Salads

THE general use of Mazola is remarkable:

Your can of Mazola gives you a fat for shortening, cake-making, deep fat frying, sauteing. And for salad dressings, either mayonnaise, cooked mayonnaise, or French dressing Mazola is matchless.

And remember—Mazola is equal to Butter for cooking—Better than Olive Oil for salads, at half the price of either. Better, more Wholesome and Economical than lard or compounds.

BRADY BROTHERS RECOMMEND

To the Housewife
The White Lily
Electric Washing Machine

"If women did not have so much work, they could do their work. Nineteenth of the women who employ house assistants, need employ none if they had no clothes washing to do."

As a matter of fact, men have machinery to do all kinds of work, and if they had to do the washing, the first machine they would buy would be a White Lily Electric Washing Machine. The White Lily Electric Washing Machine is constructed of the very best materials thru-out and is absolutely guaranteed for five years.

One of the best features of the White Lily Electric Washer is the fact that the wringer and washer will operate at the same time, and while one tub full is being washed, another can be rinsed, blued and wrung out, and hung on the line.

Another feature is that the belt never needs to be removed from the wheel, or the power shut off. You can stop or start the washer and wringer, either or both at the same time.

In fact the White Lily is the most durable Electric Washing Machine manufactured. It is not a hand machine fitted up as a make-shift. It's the only real genuine power machine you can buy.

FACTS WORTH YOUR CONSIDERATION

The White Lily Electric Washing Machine is constructed to meet the demand for a washing machine that will do practically all the work of washing, and make wash day a pleasure rather than a bug-bear.

The White Lily Electric Washing Machine can be attached to any ordinary electric light socket, and in case the power should fail, can be run by hand just as easy as the ordinary hand machine.

The White Lily Electric Washing Machine is fitted with a special power wringer, that can be started, stopped or reversed in an instant, and is also fitted with a reversible drip board so that the clothes can be run through the wringer from either side, and as both the washing machine and the wringer can be run at the same time, the operator is able to wring out from the rinse water while another washing is being done. This is one of the most important features of the White Lily Electric Washing Machine, as it does all the work instead of about one-third of it, like other machines.

The White Lily Electric Washing Machine is fitted with a bevel gear for starting, stopping and reversing the wringer, doing away with all the trouble caused by its belts slipping, or chains stretching and is absolutely positive in its action.

The White Lily Electric Washing Machine is built from the ground up for power purposes, and is not a hand machine fitted up with cheap attachments. It's built stronger throughout than a hand machine. The White Lily Electric Washing Machine lever for stopping, starting and reversing the wringer, is right at the operator's hand all the time, and when moved, falls right into the next place automatically, doing away with the necessity of finding a particular slot, as is the case with most other machines.

The White Lily Electric Washing Machine is so constructed that the operator can feed the wringer with her right hand. Nearly all other machines are left-handed.

The White Lily Electric Washing Machine has all gears absolutely covered, so there is no danger of clothes or persons being caught or injured.

The White Lily Electric Washing Machine tub is made from a select grade of Louisiana Red Cypress, and is thoroughly kiln-dried.

The White Lily Electric Washing Machine is guaranteed, and we will replace any defective parts free of all charges for a period of five years.

In short, the White Lily Electric Washing Machine combines every good feature that an electric washing machine should have, viz: Simplicity, durability, convenience and safety.

A real Electric Washer, \$75. Shall we put one in your home on trial?

Paint Before Winter

"Save the Surface and You Save All"

You cannot postpone needed painting to another year without causing depreciation that only the wealthy can afford.

Those buildings must be covered with protecting paint, or decay will certainly follow.

It costs much more to replace a rotten board than to save it with paint.

Fall is the ideal season for outside painting. Wood-work then is thoroughly dry and in perfect condition to absorb paint.

Linseed oil oxidizes more slowly than in hot weather and the paint skin has ample time to toughen and harden.

We Have, in Our Immense Stock,
The Right Paint for Purpose Needed.

Too Much Appetite

may be as dangerous as too little

When the skin is sallow or yellow, the eyes dull, the head aches or sleep broken and unrefreshing, the back aches, or there is a pain under the right shoulder blade—it is an indication that the body is being poisoned by poorly digested and imperfectly eliminated food-waste. It is a wise thing to take

Service First Advice Second Sales Third

There's our policy in a nutshell.

First—When the customer comes in, find out what *HE* wants. Give him satisfaction at the lowest charge consistent with a good, thorough job.

Second—Tell him how to prevent battery trouble. We're not anxious to repair his battery, except to make it last longer.

Third—When he really needs a new battery we want him to buy it from us, naturally, and to buy a Willard with Threaded Rubber Insulation—because that battery will last longer and give him less occasion for expense on repairs than any other battery he can buy.

"SQUEEZE" WINS FOR ST. LOUIS IN 14TH

Enables St. Louis to Nose Cleveland Out by Score of 6 to 5—Tobin Hits Home Run, Making Total of 43 at St. Louis Park for Season.

St. Louis, Sept. 3.—The squeeze play executed by Gedeon and Billings scored the run that gave St. Louis a fourteen inning victory over Cleveland today. Home run records for the local park were shattered when Tobin drove the ball into right field bleachers with two men on in the sixth, tying the score. It was the forty-third circuit drive here this season and the two hundredth in the American league. The former league record was made in 1911 when 193 home runs were scored.

PLEASANT GROVE

Reaugh Jennings and Miss Ma Linda McCarty of Jacksonville were united in marriage Saturday afternoon by Rev. Leslie at the Centenary parsonage.

Miss McCarty was a nurse at Passavant hospital. Both young people are held in high esteem by a large circle of friends who wish them a long and happy life. They will reside at Literberry, this winter where Mr. Jennings has been employed to teach the Literberry school.

Mr. and Mrs. Ervin Henry entertained a number of friends Saturday evening in honor of Mrs. Henry's brother Jesse Edwards and family of Alta, Ia. Those present were Mr. and Mrs. Ernest Henry, Mr. and Mrs. Fletcher Seymour, Edwin Sooy and family, Mr. and Mrs. Robert Henry and daughter, Mr. and Mrs. Everett Edwards and children of Jerseyville, Mr. and Mrs. Walter Kitchen, Mr. and Mrs. Wm. Edwards, Mrs. Ava Edwards and Mrs. Adaline Henry.

The Pleasant Grove school did not open Monday as planned because of some delayed repairs.

H. L. Tucker and Wm. Wiswell were business visitors at Greenfield Thursday.

Mr. and Mrs. Mark Cooper and two daughters of Marshall, Mo., are visiting relatives here this week.

Mr. Simmons of Quincy has been visiting his son and daughter, Perry Simmons and Mrs. Earnest Long this week.

The family of J. W. Fanning enjoyed a family reunion at Clements Saturday in honor of Mr. Fanning's daughter, Mrs. Clara Vasconcellos and children of Chicago. Those present were Mr. and Mrs. J. W. Fanning, Will White and family, Mr. and Mrs. Ernest Henry and Warren Fanning and family.

Bert Newman of Oklahoma is here for a visit with his mother, Mrs. Elizabeth Newman and other relatives.

HAD TO TAKE AN "UPPER" MAYBE

A man on a Union Pacific train near Salina the other night, opened fire on the passengers, shot holes through the roof of a coach, wounded a conductor and then escaped from the train. The Salina correspondent verified the rumor that the man was "either drunk or crazy." Either one or the other, we should say, or else that he was indignant about something.

CINCINNATI TAKES SERIES FROM CHICAGO

Win Final Game of Series 6 to 1—Score Four Runs in First Before Alexander Gets Bearings.

Chicago, Sept. 3.—Cincinnati made it three out of four from Chicago today by winning the final game of the series here, 6 to 1. Before Alexander got settled in the first inning the league leaders scored four runs. Reuther had little trouble holding Chicago.

NO TIME TO HOLLER
"I want to have a tooth drawn," announced the small boy with the steelgray eye, "and I want gas."

"You're too young to have gas, my little man," said the dentist. "Besides I'm sure you aren't afraid of being hurt. Sit still and be a man."

"It isn't that at all," said the boy, "but I'm afraid I shall not be able to help giving a bit of a squel when it comes out."

"Well, that won't matter at all," said the dentist. "I'm sure I shall not mind."

"No, but I shall. Look out of that window."

The dentist looked and saw a lot of grinning lads standing under the window.

"They're all the kids I've fought and licked," said the customer, "and they're come to hear me holler."—Pittsburgh Chronicle-Telegraph.

ARITHMETIC.

"Charley, dear," said young Mrs. Torkins, "would you mind helping me with a little bit of arithmetic?"

"Well, if we pay the cook all the wages she wants will we have enough money left to buy anything for her to cook?"

Mr. and Mrs. F. L. Wigston of Nowata, Okla., were Wednesday visitors in the city.

There will be a broad gap in the family record if you do not have another picture of those growing youngsters soon. Make it a group picture this time, including mother and all.

FARM PROPERTY.

Near the Joy Prairie elevator we offer a farm of about 160 acres, of which 70 acres are in grass and the balance in cultivation. There is a six room house with summer kitchen, barn for eight horses, and other buildings. Price \$150 per acre.
Northeast of the city we offer 80 acres, mostly timber soil, with some excellent farming land and all well kept. Nice two story house, large barn, stock scales and other buildings. Price \$250 per acre.
Northeast of the city we have 120 acres of timber edge land, some excellent black soil and with a fair set of improvements and nicely located. Price \$275 per acre.
One mile from Murrayville, we have 80 acres of land, 10 acres in pasture and the balance in cultivation. Well fenced and well improved. Nice little house for \$200 per acre.
South of the city we have 80 acres mostly good farming land; well fenced with very ordinary improvement. Price \$240 per acre.
East of the city we have a little less than 100 acres of excellent black prairie land; well improved. A corner farm with fine buildings. Price \$250 per acre.

CITY PROPERTY

A two flat building on west side. Everything modern. Price \$5000.
On Grove street we have a new eight room residence, modern throughout. Price \$3000 for immediate sale.
A splendid new residence in the west end, all modern with sleeping porch, combination barn and garage, chicken yard and fruit. Price \$5500.
We have sold three more farms this week and still have buyers coming every day. 120,000,000 people in the United States and no more land than we had 100 years ago; no wonder we have more and more buyers each year. Here will be more buyers next year but no more land.
Moral: Get yours now.
Call for dates. Do not call on Sunday as am otherwise employed on that day.
